### **Question and Answer**

#### **November 25, 2020:**

Q1. Will roadway lighting for the roundabout be part of the final design in this project?

A1. **Lighting will not be a part of the design.**

#### **December 21, 2020:**

Q2. Please confirm that DOTD will be providing the subgrade soil borings.

A2. **Yes.**

Q3. This is a general question in regards to 24-102 formatting. DOTD has stated that the Section 18 instruction at the top of the page can be included on the first page only and removed from subsequent pages to allow more space for project descriptions. Similarly, can the instructions underneath the table that state, *“Describe the project including the firm’s role and members involved. (Highlight members to be used in this proposal.) \*If there is more than one past performance evaluation category included in the advertisement, then indicate which past performance evaluation category(ies) this project is being used to represent.”* also be removed from project description pages subsequent to the first?

A3. **Yes, the instructions underneath the table can be removed from the proposal when it is submitted.**
